Staff Findings

The following Guidelines of Cornerstone 2020 Plan Elements support the recommendations contained in the Old Henry Road Subarea Plan Executive Summary:

Guideline 2. Centers

Encourage mixed land uses organized around compact activity centers that are existing, proposed or planned.

Guideline 3. Compatibility

Ensure that land uses and transportation facilities are located, designed and constructed to be compatible with nearby land uses and to minimize impacts to residential areas, schools and other sensitive areas in the community.

Guideline 4. Open Space

Ensure well-designed permanently protected open space that meets community needs.

Guideline 5. Natural Areas and Scenic and Historic Resources

Protect natural areas, natural features and important scenic and historic resources. Locate development, whenever possible, in areas that do not have severe environmental limitations.

Guideline 6. Economic Growth and Sustainability

Provide a positive culture for attracting and sustaining business within Louisville and Jefferson County.

Guideline 7. Circulation

Ensure a balanced and comprehensive multi-modal transportation network that is coordinated with desired growth and development patterns and provides for the movement of people and goods.

Guideline 8. Transportation Facility Design

Design transportation facilities that are safe and efficient, that minimize adverse impacts upon the community and that accommodate, where possible, all modes of travel, such as trucks, automobiles, transit, pedestrians and bicycles.

Guideline 15. Community Facilities

Review community facility location and design to ensure compatibility with existing development.
